U.S. Department of Transportation
Federal Motor Carrier Safety Administration
REGISTER

NOTICES RELEASED September 1, 2026 – 7:00 AM ET

The FMCSA Register is prepared and published in compliance with 49 CFR Part 365 and 49 U.S.C. §§ 13901–13905. Where applicable, it publishes a summary of an operating authority application as a preliminary grant of authority to provide public notice and allow any interested party the opportunity to oppose the application.

Disclaimer: *The FMCSA Register is for informational purposes only. It is not approval, endorsement, or a grant of operating authority and may not be used as proof that any person or entity is authorized to operate. To confirm whether an applicant has operating authority, check https://frs.fmcsa.dot.gov/ or contact the FMCSA at 1-800-832-5660 or via web form at https://ask.fmcsa.dot.gov/app/ticket.*

General Information

Applicants will receive a letter on the same day their application notice appears in the FMCSA Register. This letter will inform them of their docket number, the publication date, and the requirements and deadlines for filing insurance and process agent documents.

Under 49 CFR Part 365, Subpart B, any person who wishes to oppose an application must have a protest received by the Federal Motor Carrier Safety Administration, Office of Registration (MC RS), 1200 New Jersey Ave. SE., Washington, DC 20590, within 10 days of the register notice date, and must concurrently send a copy to the applicant.

In accordance with 49 CFR 365.107T, a protest must clearly state the factual basis for opposition and provide supporting evidence to enable FMCSA to make required findings, including whether:

1. The applicant is fit, willing, and able to provide the proposed service.
2. The applicant will comply with safety, financial responsibility, and other regulatory requirements.
3. Granting the application is consistent with the public interest.

Failure to timely file a protest waives further participation in the proceeding.

If no opposition is filed, operating authority will be granted to applicants who have provided evidence of appropriate compliance. Such authority will remain valid only as long as the applicant continues to maintain that compliance.
